SKILLS

JavaScript, ReactJS, Redux, Unit Testing, Git, Storybook, Tailwind CSS, Web Components, REST APIs, HTML5, CSS3, JSON Web Tokens

WORK EXPERIENCE

Tata Consultancy Services

Frontend Developer

June 2021 – Present

Bangalore, Karnataka

- **Led a team of 4** frontend developers to **refactor client applications** from existing legacy code to **ReactJS**-based tech stack. Made **reusable components like Tables** with **customizable columns, sorting, pagination, and editable cells**.
- **Added localization** to support Dutch & French Languages in the applications.
- Wrote front-end code for **50+ screens**, performed **unit testing** (using Mocha, Chai & Sinon to **maintain test coverage above 90%**), and **deployed** using Azure pipelines.
- **Worked closely with UX, QA & backend team** in an agile environment with weekly stand-ups, and kept track of user stories/bug fixes in the Azure DevOps platform.

Datally

MERN Stack Developer

June 2020 – January 2021

Chennai, Tamil Nadu

- Collaborated with 5 other team members to develop **10+ user-facing screens** like the dashboard, profile page, marketplace, etc for an e-commerce site.
- Implemented various **JWT-secured endpoints** on the backend using Express JS & Node JS
- Integrated de-bouncing on the search functionality, **reducing** the number of API calls by **50%**
- **Validated all user inputs** to confirm that they met backend requirements and prevented potential errors or issues.

Canvas2Craft

Web Developer

Feb 2020 – April 2020

Bangalore, Karnataka

- Developed an e-commerce website using WordPress and woo-commerce with 15+ beautiful user-facing pages.
- Made use of CDN to host large images on the website, reducing the page loading time by 80%.
- Integrated various payment gateways like Razorpay, and Paytm with woo-commerce admin backend.

PROJECTS

Chat Application ([Live Link](#))

- Built a **MERN** Chat application using **socket.io** for real-time communication.
- Admin can add/remove group members, can edit the group info.
- Used **Chakra UI** Library for the front design in combination with **ReactJs**.

Restaurant Website ([Live Link](#))

- A fully **responsive** ReactJs UI UX restaurant site made using ReactJS, HTML & CSS.
- Utilized modular Components using custom CSS modules.

Instagram Clone ([Github Link](#))

- Created an **Instagram clone** web application using **MERN** Stack with features such as creating a post, following/unfollowing, commenting, changing profile pictures, like/unlike, etc.
- Used **react-redux** for app-wide state management.

EDUCATION

SRM Institute of Science and Technology

B.Tech in Computer Science and Engineering (8.50 CGPA)

2017-2021

Kattankulathur, Tamil Nadu
